

(MLN) Diagnostics and Management Project will hold its first Annual Review and Planning Meeting on October 18-19, 2016 at ICRAF campus, Nairobi, Kenya.

The USAID funded maize lethal necrosis virus (MLN) Diagnostics and Management Project will hold its first Annual Review and Planning Meeting on October 18-19, 2016 at ICRAF campus, Nairobi, Kenya. The project, which has been running for over one year, was meant to develop diagnostic tools for MLN surveillance. The workshop will review progress achieved so far. The meeting will also hold face -to-face discussions on the MLN Phytosanitary Community of Practice (CoP). It will be attended by CIMMYT, ASARECA and Focal persons from National Agricultural Research Institutes among others.

Start Date: Tuesday, 18 October 2016

End Date: Wednesday, 19 October 2016

Country: Kenya

Venue: ICRAF, NAIROBI

Published On: Wednesday, 19 October 2016
